### **1. FIDUCIARY RESPONSIBILITIES**

Broadly speaking, a director of the Authority has several fundamental obligations to perform.

#### **a) Honesty and Good Faith**

Common law requires a director to act honestly and in good faith with a view towards the best interests of the Authority. The key elements of this standard of behaviour are:

- i. A director must act in the best interests of the Authority and not in his or her self-interest. This also means a director should not be acting in the best interests of some special interest group or constituency.
- ii. A director cannot take personal advantage of opportunities that come before him/her in the course of performing his/her director duties.
- iii. A director must disclose to the Board any personal interests that he/she holds that may conflict with the interests of the Authority.
- iv. A director must respect the confidentiality requirements of the Authority's Code of Conduct and Conflict of Interest Guidelines.

- i. The standard of behaviour expected of a director will depend upon the particular qualities or characteristics that the director brings to the Authority relative to the particular matters under consideration.
- ii. The director must be proactive in the performance of his or her duties by:
  - Attending meetings; a director who has not attended meetings of the Board, must show diligence by examination of reports, discussion with other directors, and otherwise being sufficiently familiar with the organization's activities so that he/she does not suffer as a result of non-attendance;
  - Participating in a meaningful way; and
  - Being vigilant to ensure the Authority is being properly managed and is complying with laws affecting the Authority.

### 2. STANDARDS OF BEHAVIOUR ESTABLISHED BY THE BOARD

The Board has established the following standards of behaviour for directors.

As a member of the Board, each director will:

- i. Demonstrate a solid understanding of the role, responsibilities and legal duties of a director and the governance structure of the Authority as outlined in the Board Manual;

- iv. Be a positive and constructive force within the Board;
