

## Health Records Research Approval Process July 9, 2015

### Initial Internal Research Request

### Initial Research Request From NON-FHA

i.e. Researchers who have obtained consent from research participants for studies conducted in other jurisdictions and approved by other REBs. FHREB Approval is NOT required for these studies because the participants have already consented to have their health records obtained from any other care provider.

### LEGEND

DAR – Data Agreement For Providing Research Related Services  
 DERS – Department of Evaluation and Research Services  
 FHREB – Fraser Health Research Ethics Board  
 HR – Health Records  
 LOA – Letter of Approval
