

## **Public List of Licensed Child Care Facilities**

### **Fraser South (Health Service Delivery Area #23)**

The child care facilities listed here are licensed by the Fraser Health Authority under the Community Care and Assisted Living Act. This list is updated approximately every 4 months.

Anyone providing care to 3 or more children who are not related to the caregiver by blood or marriage is required to have a valid Community Care Facility Licence. Licensing Officers conduct monitoring inspections and investigate complaints that a licensed child care facility may not be complying with the minimum health and safety standards set out in provincial licensing regulation. Licensed child care facilities in this public list are categorized according to the Child Care Regulations (as on Dec 1, 2011) as follows:

**Group child care (under 36 months)** is a program that provides care to children who are younger than 36 months old. The maximum group size is 12 children per group with a separate area designated for each group. The number of infant & toddler educators, other educators and assistants will vary depending on the number of children present in each group.

**Group child care (under 30 months to school age)** is a program that provides care to preschool children. The maximum group size is 25 children per group with not more than 2 children younger than 36 months old in a single group. The number of educators and assistants will vary depending on the number of children present in each group.

**Preschool (30 months to school age)** is a program that provides care to preschool children who are at least 30 months old on entrance to the program and 36 months old by December 31 of the year of entrance. The maximum group size is 20 children per group. The number of educators and assistants will vary depending on the number of children present in each group.

**Group child care (school age)** is a program that provides, before or after school hours or during school closure, care to children who attend school, including kindergarten. The maximum group size is 24 children if any preschool child or child in grade 1 is present; or 25 children if there are no preschool child or child in grade 1 present. The number of responsible adults present will vary depending on the number of children present in each group.

**Family child care** is a program in which the licensee/operator is a responsible adult, and personally provides care, within the licensee's personal residence, to no more than 7 children. The number of children present in each age group will vary depending on whether there is a child younger than 12 months old present.

**School age care on school grounds** is a program that is provided at a school, before or after school hours or on a day of school closure. Care is provided to children who attend school, including kindergarten. The maximum group size is 24, if children in kindergarten or grade 1 are present OR 30 children if the children are in grade 2 and up only. The number of responsible adults will vary depending on the number and age of children present in the group.

### **Fraser South (Health Service Delivery Area #23)**

**Recreational care** is a program that provides after school hours or on a day of school closure. Care is on a drop in basis and includes children who attend school, including kindergarten. There is no maximum group size, it is dependant on useable and age of children present in the group

**Occasional child care** is a program that provides, on an occasional or short-term basis, care to preschool children who are at least 18 months old, and care to each child for no more than 40 hours in a calendar month. The maximum group size is 16 children if any child younger than 36 months old is present; or 20 children if no child younger than 36 months old is present. The number of responsible adults present will vary depending on the number of children present in each group.

**Multi-age child care** is a program that provides, within each group, care to children of various ages. The maximum group size is 8 children and the number of children present in each age group will vary depending on whether there is a child younger than 12 months old present.

**In-home multi-age child care** is a program in which the licensee/operator personally provides care, within the licensee's personal residence, to no more than 8 children of various ages.

**Multi-service program** is a child care facility that offers a combination of more than one of the above types of child care.

**Child-minding** is are to children under 13 years of age which is provided under government contract while immigrant parents are on site and engaged in the English as a Second Language, settlement or labour market integration program.
