↑ ABOVE AVERAGE ↓ BELOW AVERAGE

	DISEASE	MAPLE RIDGE	FRASER HEALTH
GRADE 6	HPV	66.6%	65.7%
GRADE 9	PERTUSSIS	71.5%	71.3%
	TETANUS/DIPHTHERIA	71.8%	71.6%
	MENINGOCOCCAL	71.2%	73.0%
	HPV	72.8%	70.9%

Grade 6 and 9 students are offered HPV (Gr 6), Meningococcal (Gr 9), Tdap (Gr 9), and all other missing vaccines. During 2024-25 school year, HPV still followed a 2-dose schedule for immunocompetent individuals aged 9 to 20. In the 2-year old and school-age children coverage tables above, **green** indicates community coverage is above the Fraser Health average and **orange** indicates community coverage is below the Fraser Health Average.

MOST KIDS BEGIN THEIR IMMUNIZATIONS BUT FALL BEHIND SCHEDULE

94% OF 2 YEAR OLDS in Fraser Health receive at least some immunizations³. With each scheduled visit, the number of children receiving their vaccines on time decreases. By 18 months of age, only 48% of Fraser Health children get their vaccines on time, leaving most children under-protected against many diseases³.

■ LATE receipt of vaccine

Grade 9
Up-To-Date
on HPV²

The HPV vaccine protects against HPV infections that can cause various types of cancer⁵. The vaccine works best when given at a young age⁵. In British Columbia, it is offered and provided for free to students in Grade 6 and older.

IMMUNIZATION RECORDS

65%
School-age children with complete immunization records²

Having complete immunization records helps public health control the spread of diseases that vaccines can prevent.

WHAT CAN YOU DO TO SUPPORT IMMUNIZATIONS IN YOUR COMMUNITY?

- ✓ **Talk to your friends and family** about the importance of staying up-to-date on immunizations.
- ✓ **Check if your family's immunizations are up-to-date** by reviewing your records on Health Gateway.
- ✓ If you were already immunized, but the vaccine is missing from your record on Health Gateway, **submit the missing record to Fraser Health Public Health.**
- ✓ **Book an appointment** to get any other immunizations that you have missed.

For more information, go to fraserhealth.ca/immunizations or call your local public health unit.
