|-------------------|----------------------------------------------------------------------|
| 2 Email address * | john.smith@example.com                                               |
|                   | Please use a health organization or school email address if possible |
| Confirm Email *   | john.smith@example.com                                               |
| Password*         |                                                                      |
| 5 Verify password |                                                                      |
|                   |                                                                      |
| AI                | ready have an account?                                               |

3. You must ensure that you have a **Fraser Health profile** (as an employee or affiliate) in order to access Fraser Health required learning curricula:

- Individuals with existing LearningHub account may need to <u>merge</u>/or <u>add a profile</u> to an existing account in order to have a Fraser Health employee or affiliate LearningHub profile. Please avoid creating multiple accounts so that your Learning History will not be lost.
- If you require assistance with Learning Hub, please contact <u>LearningHub Help</u>.
