

HEALTH QUALITY BC

# It Starts With Asking Why

Appropriate Use of Antipsychotics in Long-Term Care Action Series

*Working together to improve the quality of life in long-term care homes!*

## JANUARY – SEPTEMBER 2025

Health Quality BC and partners invite you to join other long-term care (LTC) homes in making lasting changes around the appropriate use of antipsychotic medications. Accelerate your efforts to embed sustainable, person-centred practices that ensure:

- ✓ Residents and families receive safe and high-quality care
- ✓ Staff have the confidence, tools and resources to support residents without using unnecessary medication

Visit our [website](#) to learn more and [register](#) by January 10, 2025.

## QUESTIONS?

Email us at [longtermcare@healthqualitybc.ca](mailto:longtermcare@healthqualitybc.ca).

### WHY JOIN US?

Together, we can make a difference in the lives of those in LTC by rethinking the role of medications used to manage behaviours. Let's start with asking, "Why?" Why are we giving this medication, and what behaviours are we trying to change?
