

In – Person Wound Care Education for 2024

What's Happening?

- In-person Skin & Wound Care classes are restarting in the winter 2024. Module 1 – Basic Prevention and Management of Skin Breakdown Full day classes are posted on Learning Hub for the following dates:
 - Jan 9th 2024 – Queens Park Care Center, New Westminster
 - Feb 27th 2024 - Clayton Heights, Surrey
 - March 12th 2024 -Tabor Home, Abbotsford
 - April 11th 2024 – Queens Park Care Center, New Westminster
 - May 9th 2024 Clayton Heights, Surrey
 - June 11th 2024 Tabor Home, Abbotsford
- Topics include: the interdisciplinary team approach in skin/wound care, common risk factors for skin breakdown, factors that influence wound healing, the staging of Pressure injuries, and more.

Who Should Attend?

- Nursing staff (RN, RPN, and LPN) who are responsible for providing direct care or supporting frontline staff with prevention, skin and wound care. We recommend staff attend every 3 years to keep current with best practice.
- Student Nurses completing clinical preceptorships and Assisted Living nurses are welcome to attend, if space permits.

How do I Register?

- Classes are available for registration on Learning HUB Course #11660 here:
 - [Long-Term Care Skin & Wound Module 1 - Basic Prevention & Management of Skin Breakdown](#)

How do I Prepare?

- Pre-requisites: Wound Management for Nurses Provincial Curriculum (Online) Chapters 1 & 2 (5 20-30min online sessions) on Learning Hub Course #16224 here:
 - [Wound Management for Nurses - Provincial Curriculum \(Online\)](#)
