

## Sent on behalf of the Fraser Health Integrated Long-Term Care and Assisted Living Services

### **\*NEW\*** LTC Learning Fair - Education Day at Elim Village on November 21st.

- The South Directors of Care Group along with Fraser Health LTC Clinical Nurse Educators are hosting an education opportunity for LTC affiliated and owned and operated care communities to take part in a full day of education at Elim Village on November 21st.
- There is no cost to attend, and lunch will be provided. The education day is for Nurses, HCA's, CNEs, RCCS, and DOC's/Clinical Managers.
- For those of you who have already registered, there is an opportunity to bring more of your team as the planning team has removed the registration limits.
- To register use this link: [Qualtrics Survey | Qualtrics Experience Management](#) Select your care community from the drop down menu. Choose "Other" if you do not see your community listed. Please have one person register all participants from your care community.
- Registration closes November 15<sup>th</sup> or when we reach seat capacity.
- Please review the attached flyer for event information.
- The hosts are excited to provide this opportunity to all of you, with exciting keynote speaker, physician panel, and experts in their field to present valuable insights and information. As well it's a great networking opportunity to have discussions with colleagues in the field and share stories of successes and challenges.
- Register early to ensure you and your team can take part in this one-of-a-kind day!

### **\*NEW\*** November is Fall Prevention Month

- Did you know that falls are the number one reason for injury-related hospitalization and emergency department visits for older adults in Canada?
- Now is the time to take action to prevent them with the three themes of Fall Prevention Month 2024: Move, Improve, and Remove.
- Visit the Balance BC website for resources on how to Move your body, Improve your health, and Remove hazards from your home. [Learn More](#)
