

Virtual health preferences and access survey

You are invited to participate in virtual health research

Fraser Health Virtual Health Survey

We are asking adults aged 19 years and older living in the Fraser Health region to participate in this survey.

The aim of the survey is to better understand perspectives on virtual health. We are using the results to inform services and promote equitable access to virtual health.

Questions?

If you have any questions about the survey or the study, you can contact us at virtualhealth.research@fraserhealth.ca

How to Participate

Just scan the QR code or type in the survey links below to fill out our online survey.
