

Qualitatively Exploring Opportunities to Support Older Women's Sexual Health and Wellbeing in Fraser Health Authority's Assisted Living Sector

Principal Investigator: Dr. Valorie Crooks (Simon Fraser University)
Research Participant Contact: Leah Coppella (Simon Fraser University)

We are seeking participation in a funded research study: *Qualitatively Exploring Opportunities to Support Older Women's Sexual Health and Wellbeing in Fraser Health Authority's Assisted Living Sector*. This study is funded by the Women's Health Research Institute at BC Women's Hospital and has received ethics approval.

We are looking for participation from:

- 1) Assisted living leaders** in a 90-minute focus group dialogue about policies and practices around women's sexual wellbeing
- 2) Care aides or other frontline staff** in a 1-hour walking interview to identify barriers and facilitators to sexual wellbeing in assisted living
- 3) Older women residents in assisted living** in a 1-hour unstructured interview to support the development of a conceptual framework for understanding what constitutes sexual wellbeing in this care context.

Participation will allow you to:

- Receive a \$50 e-gift card
- Connect with communities who have similar experiences or concerns
- Help researchers and health authorities better support older women in assisted living
