Integrated Long-Term Care and Assisted Living Invitation to Palliative Approach to Care (PA2C) Community of Practice

What is happening?

- Clinical leads and those interested in a Palliative Approach to Care (e.g. clinicians, champions) are invited to a virtual quarterly community of practice meeting to share their learning experiences regarding a palliative approach in their care home.
- Renewed for 2022 the PA2C Community of Practice meeting:
 - **December 7th 12:00pm – 1:00 pm**
 - A calendar invite will be distributed by November 18, 2022

What is the PA2C Community of Practice?

- The PA2C community of practice is a group of clinical leads, care community providers and clinicians and champions passionate about implementing a PA2C.
- The group's main focus is to create space for idea exchange and discussion regarding PA2C and any associated experiences.

What is the Palliative Approach to Care

- A Palliative Approach to Care (PA2C) is a holistic, person-centered approach to care that aims to improve the quality of life of residents with chronic life-limiting illness and prepare families for what maybe be ahead.
- One main component of the project's philosophy is the importance of communication related to the person's and family's understanding, personal preferences, and goals of care.
