## Sent on behalf of the Fraser Health Integrated Long-Term Care and Assisted Living Services

### **NEW\*** Research about virtual physician care in long-term care led by Fraser Health:

- The LTC/AL Research Unit is recruiting residents, family/friend caregivers, physicians, and staff involved in physician telehealth in long-term care for interviews/focus groups and offering \$50 gift cards to participants.
- See attached poster for more details about the study. The team would appreciate it if you printed it out and posted it in your long-term care home. This will provide an opportunity to inform policy recommendations and actionable tools for virtual physician care in long-term care.
- Please post poster by week of Feb 13/20<sup>th</sup>.
- Contact Fraser Health LTC/AL Research Leader, Dr. Janice Sorensen (cell: 778-776-5580; [janice.sorensen@fraserhealth.ca](mailto:janice.sorensen@fraserhealth.ca)), if you have any questions or would like to receive support from research staff promoting the study in your home.
