

Feb 16<sup>th</sup>, 2023

## Sent on behalf of the Fraser Health Integrated Long-Term Care and Assisted Living Services

### **\*REMINDER\* Daily Ministry of Health report for Fraser Health long-term care owned and operated and affiliated sites**

- Site operational leaders must continue daily reporting of active COVID-19 cases (residents and staff) and staff absences (as applicable)
- Please continue to send in your daily reports by 10am Monday to Friday *until further notice*. The reporting survey can be found here: [Daily Ministry of Health Reporting: LTC Active COVID-19 Cases](#)

### **\*UPDATE\* West Coast Conference on Aging- Early Bird Deadline Extension February 25, 2023**

- Early bird registration deadline is extended until February 25th. Conference options include in-person or virtual attendance this year.
- The targeted audience for this conference is Affiliated, FH Owned & Operated Long-term-Care Managers and Directors of Care
- See link for more details [West Coast Conference on Aging](#)
- There's also still time to submit your poster abstract:
  - Poster presentations that support the 2023 conference theme will provide an opportunity for participants to share research and best practice initiatives with colleagues from across the province.
  - Topics will range from health promotion strategies for older adults to provision of quality care in long-term care settings.
  - Poster presentations may highlight research studies, educational programming, quality improvement projects, and effective organizational responses to the COVID-19 pandemic. Posters will be on display for participants to view and discuss with presenters.
- If you have any questions, please contact Anita Wahl [anita.wahl@fraserhealth.ca](mailto:anita.wahl@fraserhealth.ca)
