***REMINDER* Fraser Health Long Term Care (LTC) Basic Mattress and Specialty Surfaces Survey**

- Pressure injury prevention is recognized as a key health quality indicator across Canada.
- One of the crucial pieces of pressure injury prevention is the quality of basic mattresses and the timely provision of appropriate specialty surfaces to those residents who require them.
- FH LTC is committed to making improvements in pressure injury prevention, and to support this work you are being invited to participate in an online survey.
- **Please complete survey by July 14th** using link here: [FH LTC Basic Mattress and Speciality Surfaces Survey](#)
- Please see attached KYI for more detail.
