### **\*NEW\*** Fraser Health Family Council Toolkit

- On November 3, 2022, the Ministry of Health issued updated regulations with respect to family councils in long-term care communities and released a detailed guidebook to assist in the creation, operation and maintenance of resident/ family councils.
- Fraser Health's Regional Resident and Family Advisory Committee has summarized the key concepts and templates included in the Ministry's guidebook and created the Fraser health Toolkit for Family Councils.
- Please see attached Toolkit, Agenda template and meeting minute's template for your use.
- Our goal is to have councils in place at 100% of Fraser Health owned and operated and affiliated care communities, by 2025.
- For more information on the toolkit please contact Dominique Parmentier at [dominique.parmentier@fraserhealth.ca](mailto:dominique.parmentier@fraserhealth.ca)
