

# Provincial Long Term Care Quality Initiative (LTC-QI)

*Bridging research and practice*

## BC INFORM COHORT II January - May 2024

### Nov-Dec 2023 *Orientation*

In-person 1 hour meet and greet with your RPL to go over timeline, resources and expectations

### March 2024 *Support workshop*

Virtual connection with all the homes from across BC to share and connect

← Ongoing support from your RPL →

In-person/virtual half day workshop with all the homes in your region participating

### Goal Setting Workshop January 2024

Virtual connection with all homes across BC to share what your home has accomplished

### Celebration May 2024

### What is BC INFORM?

The INFORM (Improving Nursing Home Care Through Feedback On Performance Data) model supports leadership and staff to make lasting positive change through modifiable goals to improve practice within their care communities.

Participants will get support from their Regional Practice Lead (RPL) to help make informed decisions based on your data.

### SPACE IS LIMITED!

Be one of the seven LTC homes from each health region to participate!

Space is limited and it is first come first serve for participation.

Want to sign up or more information? Contact your Regional Practice Lead by clicking their name below!
