***REMINDER* End of Respiratory Illness Season and Spring COVID-19 Vaccine Program**

- On April 8th, the provincial health officer announced the end of the respiratory season. Thank you to all of our staff and medical staff who received their Influenza (flu) and COVID-19 vaccines and to those who helped administer them throughout our health system and communities.
- Masking is still required for point of care risk assessment.
- At this time, please use greeters/screeners as you did prior to the flu season.
- Please see attached KYI for more information.
- Please provide your feedback on this respiratory season's immunization campaign, including your immunization status. Survey link here: <https://forms.office.com/r/bMXVKE1K6B>.
- For any questions, please visit fraserhealth.ca/defence for more information on flu and COVID-19 immunizations. If you have questions about flu, COVID-19 or their respective vaccines, please contact: influenzaquestions@fraserhealth.ca.

***NEW* LTC/AL Resident Satisfaction Survey Results**

- We would like to inform you that we will be sharing the Quarter 3 survey results in a revised format for both LTC and AL, as the previous approach required more time for compilation and analysis.
- Thank you for your patience, for those care communities who participated in quarter 3 you will receive your survey results by April 12th.
- Should we acquire additional capacity or resources, we may return to the previously agreed upon format.
- Your feedback on comprehending the survey, formatting considerations, or any positive insights would be greatly appreciated.
- If you have any questions, comments or feedback regarding the survey. Please contact raymi.komal@fraserhealth.ca
