

April 4, 2024

## Sent on behalf of the Fraser Health Integrated Long-Term Care and Assisted Living Services

### **\*UPDATE\*** Spring COVID-19 Immunization Program

- Starting soon in **April, 2024** additional doses of [XBB.1.5 containing COVID-19](#) will be available to long-term care and assisted living residents, Indigenous individuals aged 55 and older, CEV Group 1 and 2 ages six months and older, as well as anyone in community over the age of 65.
- Anyone who has not received a dose of the XBB.1.5 COVID-19 vaccine is also eligible. A minimum three month interval between doses is required.
- **All residents in long-term care, assisted living and anyone over the age of 65 will be offered a Spring dose if they are eligible.** ImmsBC is to be used for all resident registration and vaccine administration for these doses.
- **Lunch and Learn sessions will be offered April 8 & 10 12-1.** Please join the one that works best for you. You do not need to attend both. Invites will follow
- Please see attached KYI for more detail
- For more information contact Denise Thandi, Coordinator, Special Projects & Initiatives at
