Oral health is important to your overall health and well-being. Regular visits to an oral health professional reduces the risk of health problems.

In 2022, one in four Canadians reported avoiding visiting an oral health professional due to the cost.

Every Canadian deserves accessible, affordable and essential oral health care.

Letters will be sent in phases by age group between December 2023 and March 2024 until all potentially eligible seniors who are 70 years of age or older have been invited to apply for the CDCP.
