

Construction Notice for Neighbours

September 15, 2017

Expect periodic 'after-hours' concrete work at the mental health facility construction site

What's Happening Concrete finishing will happen after 8pm periodically over the next 10 months

Scope of Work/Area Affected Bird Construction has indicated they will sometimes need to do concrete finishing work after usual construction hours (i.e. after 8 pm) at the mental health construction site. This work must be done right after concrete is poured on each level. Bird expects this to happen about once per week over the next 10 months, weather permitting.

The City of New Westminster is aware of this after-hours work.

Impact to You Neighbours may see construction crews and trucks on site later than usual. Lighting and motorized machinery will also be in use during the concrete finishing.

Bird sincerely apologizes for the inconvenience. Bird Construction and their contractors will endeavour to minimize the impact of noise, dust, and disruption to our neighbours while this work is being done.

Questions For urgent construction-related issues after hours call 1-855-857-7075. Email questions to feedback@fraserhealth.ca. Or check out Fraser Health's website to [see what construction is ahead](#), to [learn about the Royal Columbian Hospital redevelopment](#).
