

Construction Notice for Neighbours

Nov 30, 2017

BRUNETTE AVENUE lane and sidewalk closure between Allen and Keary Streets on Saturday, December 2

What's Happening For 2 to 3 hours, southbound cars will be detoured into one lane of traffic

Scope of Work/Area Affected On the morning of Saturday, December 2, the curbside southbound lane of BRUNETTE AVENUE between Keary and Allen Streets will be temporarily closed as trucks remove equipment from the hospital's construction site. The sidewalk will also be closed. (Dates and times are subject to change).

The City is aware of this work and has issued necessary permits.

Impact to You Bird Construction has indicated the following:

Expect traffic along Brunette Avenue to be slower as southbound vehicles merge into one lane near the hospital, and as trucks move in and out of place.

Access via Brunette to/from Keary and Allen Streets will be possible.

Pedestrians should use Allen Street and the south part of the hospital's private service lane for SkyTrain access.

Obey all construction flag persons. They are there for your safety and protection.

We sincerely apologize for the inconvenience. Bird Construction and their contractors will endeavour to minimize the impact of noise, dust and disruption to our neighbours in accordance with the City's regulations and [Good Neighbour Protocol](#).
