

Construction Notice for Neighbours

Feb 6, 2018

Expect construction on East Columbia Street from Sherbrooke to Keary Street, mid-February to June

What's happening, where, and when

Bird Construction will excavate East Columbia Street for City of New Westminster utilities and a hospital power and IT pathway from mid-February to June. Construction will occur from Sherbrooke Street to Keary Street.

Construction will occur in the east (northbound) lane, in sections. At times, traffic may be diverted into a single alternating lane, or held for detoured pedestrians. Construction hours are 7am to 8pm, Monday to Saturday, but there may be some after hours work. Dates and times are subject to change.

The impact to you

Expect delays and disruption along East Columbia Street. Thank you for your patience.

The bike lane and sidewalk will be closed in the section under work.

Access to the hospital's main entrance and Emergency will be maintained.

Some impact to street parking is expected.

Please use caution, and obey all construction flag persons; they are there for your safety and protection. Watch for detours.

We sincerely apologize for the inconvenience. Bird Construction will endeavour to minimize the impact of noise, dust, and disruption to our neighbours in accordance with the City's regulations and [Good Neighbour Protocol](#).

Where to find more info

Email any questions or concerns to feedback@fraserhealth.ca.

For urgent afterhours issues related to this construction call 1.855.857.7075.
