To Immunizing Physicians and Pharmacists,

BCCDC is asking that we begin our influenza vaccine returns for the 2016-2017 seasons. If you have not already done so, please return of all of your publicly funded influenza vaccine received from your local health unit. If you still have some unexpired vaccine you may wish to keep a few doses on hand in the event that a patient/client requests to be immunized. Otherwise, please return all your open and unopened doses of influenza vaccine by **May 26<sup>th</sup>** to your local health unit.

We ask that you complete the table below and include this with your package of returned influenza vaccine.
