

Violation Ticket Offenses Issued By the Onsite Sewage Disposal Program

For homes or buildings not connected to municipal sewage systems, this program reviews plans for the construction and operation of their systems to determine whether they comply with the Sewerage System Regulation.

Environmental Health Officers employed by Fraser Health Authority follow-up on complaints and investigate situations to determine if properties are in compliance with the applicable public health legislation. Officers have a variety of tools at their discretion which include but are not limited to education, violation tickets, orders and court action.

Please note that the Offenses listed here are current as of the date at the bottom of each page. Also note that Violation Tickets can be disputed in court.

New Westminster

<u>Facility</u>	<u>Description of Offence(s)</u>	<u>Legislation</u>	<u>Ticket Amount</u>	<u>Violation Date</u>
