

## Construction Notice

Aug 15, 2018

Expect night time construction on Brunette Ave and Keary St.  
Aug 20, 21, 22, 8pm-5am

**What's Happening** For **THREE NIGHTS** the City and Bird Construction will be doing waterline excavation near the Brunette Avenue and Keary Street intersection and on Keary Street

**Scope of Work/Area** City crews will be working in the northbound and southbound lanes of Brunette Avenue near Keary Street.

**Affected** Bird Construction will be closing and excavating both lanes of Keary Street near the entrance to the hospital's private service lane.

To minimize the impact to neighbours, and to Anvil condominium's parkade access, this work is being coordinated to occur at the same time, and at night.

**Impact to You** On Brunette Avenue northbound traffic will be detoured along Spruce Street (by the railroad tracks) and southbound traffic will be reduced to one lane around the work zone. Traffic may back up for short periods at times near this area.

There will be no direct through-access on Keary Street from East Columbia Street to Brunette Avenue and vice versa. Use East Columbia to access the Translink Building and Royal City Medical Centre parking lots on Keary Street these nights. From East Columbia Street use Sherbrooke Street to access the southbound lane of Brunette Avenue.

Anvil Condominium residents **MUST** use the southbound lane of Brunette Avenue to access their parkade. Access to/from Keary Street will NOT be possible. If you're travelling northbound use East Columbia>Sherbrooke>Brunette to access your parkade. Watch for flag persons to direct you onto and off of Brunette Avenue.

Hospital visitors/staff **MUST** use East Columbia Street to enter/exit the hospital's Keary Street/Health Care Centre parkade. Access via Brunette Avenue will NOT be possible.

Pedestrians will still have access to sidewalks on Brunette Avenue and to/from SkyTrain station. Please use caution when crossing the Keary/Brunette Avenue intersection.

Please obey all construction flag persons who are there for your safety and protection.

**Questions** For the Keary Street work direct questions or concerns to 604.418.5326 or [feedback@fraserhealth.ca](mailto:feedback@fraserhealth.ca). For urgent after hours issues related to this construction call 1.855.857.7075.

For the Brunette Avenue work direct questions to 604.812.2794.
