Date: June 26, 2018

Dear Sir or Madam:

**RE: TELUS Proposed Underground Construction**

A Contractor, on behalf of TELUS, will soon be undertaking an underground construction project in your area. The construction will take place on SHERBROOKE ST W/O COLUMBIA ST TO FADER St. in the City of New Westminster.

Our estimated construction start date is July 3, 2018 and the expected duration of construction is 3 weeks.

The City has approved the project location and will be involved throughout the project including the final inspection of the construction area upon completion of work.

I assure you all efforts will be taken to minimize any inconvenience this work may cause you. Your telephone service will not be affected by this construction.

Our contractor will make every reasonable effort to restore the construction area to its pre-construction state.

I thank you for your understanding as we continue to upgrade and expand our network to meet our customers' demands for excellence in service.

If you require any further information on this work, please contact Robby Kirk at 604 453 2051.

Yours very truly,

Robby Kirk C. Tech.
