

For staff and medical staff

August 17, 2023

Service lane temporary sidewalk closure

What's happening?

- The sidewalk on the east side of Royal Columbian Hospital, between Sherbrooke Street and Allen Street, will be closed temporarily starting **August 21 until late November**.
- The closure is to facilitate the construction of a new retaining wall with asphalt sidewalk to create a multi-use path. This improvement aims to enhance pedestrian safety and accessibility in the neighborhood while accommodating the ongoing improvements to the hospital.

How will this affect you?

- For your safety, a temporary fence will be installed at both ends of the sidewalk closure area.
- Signage will also be placed to direct pedestrians to alternative routes.

Thank you for your patience and support.
